## General Services Administration Alliant Small Business

CLARITY ■ ACTION ■ RESULTS

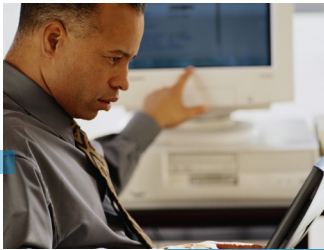

## Introduction to Alliant Small Business (SB)

The Alliant SB contract offers all Federal agencies and authorized Federal contractors streamlined access to procure infrastructure and application support, IT management services and integrated IT solutions, while receiving small business credit.

Alliant SB is an indefinite delivery, indefinite quantity (IDIQ), multiple award contract. Task orders can be issued as Time and Materials, Labor-Hour, and Firm Fixed Price, and may be competed as performance-based when applicable with incentives and disincentives.

The Alliant SB contract, has a five-year base period with a five-year option period, and a ceiling value of \$15 billion.

## About OnPoint

**OnPoint** is an ISO 9001, ISO 20000, ISO 27001 and CMMI-certified technology consulting firm located in Arlington, Virginia. OnPoint provides innovative, technology-driven solutions to meet the business challenges faced by our government customers. Our services include:

- *Information Assurance/Computer Security* – OnPoint offers a full suite of Information Assurance and Information Security services, allowing us to partner with our customers in the development of a holistic IA Program.
- *Systems Development* – OnPoint provides full lifecycle software development and systems integration using a proven, well-documented methodology based on CMMI Maturity Level 3 best practices and ISO 9001, 20000, 27001 defined processes.
- *Systems/Network Engineering* – OnPoint's network and systems engineering services are designed to ensure the availability and interoperability of critical information resources.
- *Project/Program Management Office (PMO)* – OnPoint's project management services ensure the success of major systems development and integration initiatives by monitoring, measuring, and reporting on project performance and execution.

## Partner Registration
