OnPoint Awarded Department of State Hybrid Information Technology Services for State (HITSS) Contract

ARLINGTON, VA – May 15, 2007 – OnPoint Consulting, Inc. (OnPoint) announced today that it was awarded a contract by the Department of State as part of the department’s multiple-award HITSS Program. OnPoint’s HITSS award was made under the Small Business Pool, and is a five-year contract with a ceiling value of approximately \$90 million. Under the HITSS Program, OnPoint will provide the Department of State with a full range of IT services, including: software development and analysis, systems maintenance and operations, database design and administration, configuration management, requirements planning, information security; business process reengineering, and project management.

The Department of State is a new customer for OnPoint. “We are excited the Department of State, by selecting OnPoint, has recognized our company’s strong credentials, successful past performance, and commitment to customer satisfaction. We look forward to the opportunity to provide the Department of State with innovative and efficient IT support services. We are committed to helping State fulfill its mission of foreign policy, national security and consular affairs by delivering innovative and efficient IT support services,” said OnPoint CEO and President, Mr. Shankar Pillai.

OnPoint’s principal subcontractors for the HITSS contract are Advanced Resource Technologies, Inc. (ARTI) and Advanced Information Services, Inc. (AIS). ARTI has extensive experience supporting the Department of State, is a graduate of the 8(a) Program, and is certified as a Service Disabled Veteran Owned (SDVO) firm. AIS is a Small Disadvantaged Business (SDB), and holds a distinguished a Software Engineering Institute (SEI) Capability Maturity Model (CMM) Level 5 rating.

About OnPoint: With 2006 revenues of \$25 million, OnPoint is a growing ISO 9001-certified technology consulting firm that provides critical thinking, strategic analysis, and thought leadership to improve performance, lower costs, and achieve results for clients. OnPoint specializes in delivering solutions in Information Assurance, Network Operations, Project Management and Systems Development.
